Language Booster Boot Camp Summer Program 2019

Over the course of the summer many students begin to lose the skills that they worked so hard to develop during the school year. This program is designed specifically as a booster program to reinforce and re-teach core skills in the area of reading and writing before the students return to school in the Fall.

PROGRAM FOCUS

Within a safe and comfortable learning environment students will work 1:1 with a trained Orton Gillingham tutor for 2 hours each day on key skills for reading including but not limited to: phonological awareness, sound/symbol association, vocabulary development, spelling, reading fluency or reading comprehension.

Key skills for writing include: basic grammar (including parts of speech), sentence structure, punctuation and paragraph structure. Students need to be able to read at a Grade 3/4 level for the writing component.

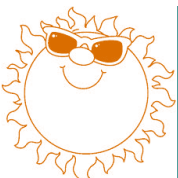

ADMISSION CRITERIA

LDA Halton recognizes that a formal diagnosis is not something all individuals have and therefore we welcome children and youth who are struggling in their academics and social life due to identified or non-identified learning disabilities. This program is designed for individuals with learning disabilities and not other exceptionalities.

All applications are screened.

Suitable for elementary or secondary students.

****Students must commit to attending all ten of the 2-hr sessions. Sorry but we cannot make up missed sessions.*
